How to measure:

Garment measurements are specified in Centimeters

Make sure the garment is flat and straight and avoid pulling in the garment when measuring.

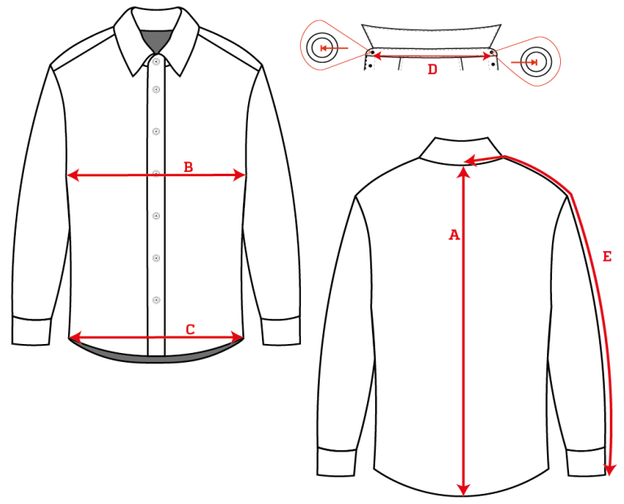

A - Length Center Back:
Measure from the center back neckline, straight down to the bottom of the garment.

B - ½ Chest Width:
Measure straight across the chest from armpit to armpit.

C - ½ Bottom Width:
Measure straight across the bottom of the garment from edge to edge.

D - Neckcircumferce:
Measure straight across the collar, center button to center button.

E - Sleeve Length:
Measure from the center back neckline, and follow the shape of the sleeve down to the opening of sleeve.
